OUR ADVICE PROCESS

This will begin with initial meetings with you to assess if your personal and financial goals and objectives can be met through our professional services. The discussions will also help you to determine if you wish to engage us to assist you to achieve those goals and objectives.

It is important for you to understand that the discussions in our initial meetings will only be in general terms. This means you should not act or make any decisions until you receive your personal advice in an SoA or RoA. This will occur after we have thoroughly investigated and considered strategies and products that aim to meet your goals and objectives as agreed with you.

REVIEWS

We cannot promise recommended strategies and your product solutions will remain suitable for you over time. Things change, your personal circumstances, the economic environment, legislation and/or product developments may create a need to change what we recommend from time to time.

For this reason, your adviser may recommend that you engage us to review your advice on an ongoing basis and we strongly recommend you consider this. Likewise, we encourage you to contact your adviser whenever your circumstances change to see if your strategy or the products that underpin that strategy need to be adjusted.

HOW DO YOU INSTRUCT US?

We act for you when providing our services. You may give us instructions in writing, by post or email. Sometimes your adviser will be happy for you to tell them what you want to do over the phone or in person.

FEES AND COSTS

Fees for our Service and Advice

The work undertaken to explore your current financial situation, your goals and objectives, and assessing the suitability of options for you is extensive. As well as personal financial advice, this may include the delivery of a range of specific services agreed with you to get you financially organised even before we are able to provide personal financial advice.

Fees are calculated based on your individual needs and requirements, and the extent of any services provided to you. Before commencing work for you, we will discuss and agree with you the scope of the services to provide, the cost of providing those services and the method of payment. We will confirm this in an Engagement Agreement.

Other fees for any advice or work carried out by other professionals, after consultation and agreement with you, will be separately invoiced to you by that other professional.

The minimum fee for our Initial Advice is \$3,300 including GST.

Fees for services can range between \$3,300 and \$55,000 including GST.

Implementation

Once we have provided our initial advice, we may charge a fee to cover the cost of implementation which can be extensive. The fee will vary depending on the level and complexity of work involved. This fee, if applicable, is a minimum of \$2,200 including GST.

Ongoing Service and Advice

Establishing your financial strategy is important. Equally important is ongoing advice to cater for changes in your personal circumstances, legislation, economic and financial conditions.

The Ongoing Advice service we provide to you will depend on your situation. We charge a minimum fee of \$3,520 per annum (including GST) + 0.65% pa charged monthly in arrears based on the average daily value of your portfolio during the preceding month. So, for example, if your portfolio value is \$500,000, the *minimum* you would pay is \$6,770 per annum or \$564.17 per month, including GST.

In some cases, these fees will increase in line with CPI or a maximum of 3%p.a. If this is the case it will be documented in the Ongoing Service Engagement Agreement.

Personal Insurance Services

We accept commissions from the insurers for the personal insurance advice and services we provide to you. The amount varies between insurers. As an indication, we may receive up to 66% of the first year's premium to reflect the amount of work we undertake when advising on and arranging the insurance and up to 33% of the ongoing annual premium thereafter, both excluding taxes and statutory charges. This is subject to which commission structure is selected and the product provider.

The table below illustrates how our commission would currently be calculated for a policy on a level commission structure costing \$2,000 in year 1 and increasing to \$2,200 in year 2.

	Year 1		Year 2	
Premium	\$2,000		\$2,200	
Upfront Commission	66%	\$1,320	-	-
Ongoing Commission	-	-	33%	\$726

Where these commissions can be negotiated with the product provider your adviser will agree the amount of up-front and ongoing commissions with you. These will also be set out in your advice document.
